A MESSAGE FROM
PIERLUIGI AND FRANCO COPPO

FOUNDERS OF THE ARCTURUS GROUP

((

We have prospered in Italy and around the world thanks to the support of a team of excellence and without compromising our values

))

The **Arcturus Group** is among the world's leading providers of high-quality design products for tables, kitchens and living spaces both in private homes and in the restaurant and hotel industry.

It includes the premium porcelain brand **Rosenthal**, the luxury brand **Rosenthal meets Versace**, the traditional brand **Hutschenreuther** and the young design brands **Thomas** and **Arzberg**. For cutlery, stainless-steel accessories, excellent silverware as well as professional cooking utensils and food service, the Group comprises the Italian brands **Paderno**, **Arthur Krupp** and **Sambonet**. In 2015, the already extensive portfolio has been rounded off with the brand **Ercuis**, a prestigious French silversmith, and the famous Limoges-based porcelain manufacturer **Raynaud**.

Arcturus focuses on its customers and their needs, creating unique concepts for the table, kitchen and interior. With more than 1,300 employees, the Group is globally active and has offices in Italy, Germany, France, USA and China.

A decorative graphic on the left side of the page consists of several thin, light-colored lines forming a series of connected points and segments, resembling a stylized staircase or a series of connected dots.

VISION

To inspire and add value to every positive experience in the kitchen, on the table and in home living.

MISSION

To create integrated solutions that are the blend of quality, design and functionality. To anticipate and meet the needs of our clients, in their professional or private lives, with a portfolio of distinctive and at the same time complementary brands. To pursue an ethical and sustainable path of ongoing innovation that can be traced back to our tradition, interpreting contemporary trends and creating new ones.

CORPORATE HISTORY

From a mechanical workshop in Milan to an International Group leader.

The origins of the Group lie in *Officine Meccaniche G. Coppo*, a mechanical workshop opened by *Giovanni Coppo* in Milan in **1978**.

In **1979**, the future Arcturus Group starts its successful business history with the acquisition of *Paderno*, world leader in the manufacture of professional stainless steel and aluminium cookware and kitchenware. Almost twenty years later, in **1997**, the Group acquires *Sambonet*, historical Piedmontese company producing flatware and holloware.

In **2000** acquisition of *Beard*, historic Swiss top brand specialised in tabletop items for the hotellerie sector.

Over the years it has grown significantly, expanding internationally thanks to the Sambonet's extensive expertise in the hotel industry and the acquisition of the prestigious German porcelain company *Rosenthal GmbH* in **2009**, assuring the Group's place in the Home, Hotel & Restaurant and Contract tabletop sectors.

The industrial venture undertaken by Pierluigi Coppo and his brother Franco has been further consolidated with the acquisition of German porcelain brand *Arzberg* in **2013** and the historical French excellences of *Raynaud* Limoges porcelain and *Ercuis* silver flatware in **2015**. Arcturus business strategy based on growth and acquisitions has created a leader in terms of quality, diversification and complementary output for tabletop and kitchenware, with the different brand identities delivering mid-high to extremely high-end luxury.

- 2001 Enrico Frigerio designs the new HQ in Orfengo, Novara.
- 2006 The Group wins the prestigious "Award of Excellence" by Confindustria.
- 2009 Acquisition of Rosenthal, Thomas and Hutschenreuther.
- 2013 Acquisition of Arzberg, founded in 1887, to increase Rosenthal tabletop offer.
- 2015 Acquisition of Ercuis, silverware artisan manufacturer since 1867, and Raynaud, historical producer of Limoges porcelain. The French excellences reinforce the Group's offer for the luxury sector.

CRAFTSMANSHIP & **INNOVATION**

The dynamic balance of tradition, craftsmanship and innovation is behind the Group's work.

The idea of a modern table setting and contemporary kitchen equipment comes from the Group's appreciation for its roots and excellence, to maintain but also to reinterpret in light of the latest trends and customer demands. **Rosenthal's** experimentation in crafting new shapes and decorations, **Sambonet's** work in developing new finishing techniques and the manufacturing craftsmanship of **Ercuis** stand side by side in a single, broad concept of excellence.

SAMBONET

FLATWARE AND COLLECTIONS FOR
THE TABLE, THE KITCHEN AND THE
LIVING. ITALIAN DESIGN AND QUALITY
IDENTIFY SAMBONET TIMELESS STYLE.

Sambonet is an international leader in the production of stainless steel, silver-plated stainless steel and electroplated nickel silver flatware and holloware, both classic and with a modern design take. It has always done everything needed to keep the quality of its products high, paying great, artisan attention to details, and keeping a constant balance between tradition and innovation.

Although the origins of the first Sambonet design item can be traced back to 1932, our company's success really took off in the sixties with the work of great designers like Roberto Sambonet. Highly innovative and sophisticated but at the same time practical flatware and tableware drove the company towards design.

In addition to its tableware line, Sambonet has recently introduced "Sambonet Luxury", featuring a refined, high-end selection of high quality products and "Sambonet Kitchen Collection", a youthful and friendly style series aimed at entering the world of kitchens. The common denominator crossing all brands is Italian design and timeless style.

ROSENTHAL

ROSENTHAL *meets* VERSACE

COLLECTIONS THAT COMBINE THE GLAMOUR OF VERSACE LIFESTYLE WITH ROSENTHAL PORCELAINS' BEAUTY, PERFECTION AND CRAFTSMANSHIP.

The Italian fashion house of Versace is one of the leading luxury brands around the world. A favorite of movie stars, rock stars and VIPs, Versace is known for extraordinary craftsmanship, exquisite details, brilliant colours and bold prints.

From the very beginning, the creative universe of Versace has always encompassed many disciplines, not just fashion, but design in the broadest sense and the essential art of living. With the intention of further developing the idea of a Versace lifestyle, the Rosenthal partnership was established, making Versace not only a fashion brand, but also a way of life. Rosenthal, known for its excellence, design approach and high quality products, helps bring the fabulous Versace lifestyle to your home.

The pair have conjured up various imaginary scenarios through their timeless yet contemporary decorated tableware collections for the 21st century customer. Together, the two brands have developed the most elegant and refined Rosenthal meets Versace tableware and gift collections, incorporating some of the maison's most iconic prints and motifs across a wide range of themes, mixing traditional and contemporary styles, that are truly Versace.

HUTSCHENREUTHER

TRADITION AND DECORATIVE ROMANTICISM FROM 1814 UP TO NOWADAYS. HUTSCHENREUTHER REINTERPRETS THE CLASSIC GERMAN ICONOGRAPHY WITH PORCELAINS FOR EVERY OCCASION.

Hutschenreuther is the classy brand for tableware, decoration and pleasure. Inspired by colours and forms of fauna and flora, it boasts a collection of affectionate motifs to see us through the whole year.

The foundation by the painter *Carolus Magnus Hutschenreuther* goes back to 1814: since then, the brand emerged as a stylish trademark for living spaces, seasonal gift ideas and lovingly crafted collector's items.

Today, being one of the most important brand of this field, it produces porcelain thanks to a wise combination of modern technology and craftsmanship tradition.

THOMAS

LINES THAT, STAND OUT FOR FUNCTIONALITY,
VERSATILITY AND SIMPLICITY, BOTH IN THE
KITCHEN AND ON THE TABLE.

Fun with cooking, food, drink and giving is Thomas motto.

Therefore, the range offers a wide choice of original products, thought of “outside the box” and with a twinkle in the eye.

Thomas is the brand for design-oriented and uncomplicated crockery for everyday use. The products are deliberately functional, plain and versatile. With its differently oriented product ranges Thomas covers a wide assortment, with a solution at hand for every taste and customer requirement.

Classics such as “Trend” that have lasted decades, demonstrate the soundness of the brand and prove the high quality standards of the products. In order to fully respond to the needs of its customers, Thomas trend-consciously incorporates new themes and materials into the range, in this way developing into a brand that combines functionality with lifestyle.

The Thomas clientele is notably heterogeneous: it appeals just as much to the young profession as to the elder lady, who when adding to her coffee set, buys additional Thomas products for her children and grandchildren.

ARZBERG

“MADE IN GERMANY” QUALITY AND DESIGN
PORCELAINS FOR EVERYONE AND EVERY DAY.

Arzberg has been producing porcelain in Upper Franconia, the north-eastern part of Bavaria, since 1887. Its focus are sustainability, authenticity, the new interpretation of traditions and awareness of its own identity.

Durable, functional and aesthetically perfect: Arzberg porcelain is the epitome of premium quality porcelain “Made in Germany”. All collections are manufactured with great craftsmanship: every production step, from design to the decorated product, requires special technical and craftsman-like know-how.

Its products are internationally awarded and can even be found at the Museum of Modern Art in New York, qualifying themselves as the most popular porcelain collections worldwide such as the iconic Form 1382.

This family story of talent started in 1911 with Martial Raynaud and has continued over three generations of entrepreneurs.

INTERNATIONAL **AWARDS**

More than 500 international awards. The Group's clear attention to design lives and foresees every project and the vision of tomorrow living.

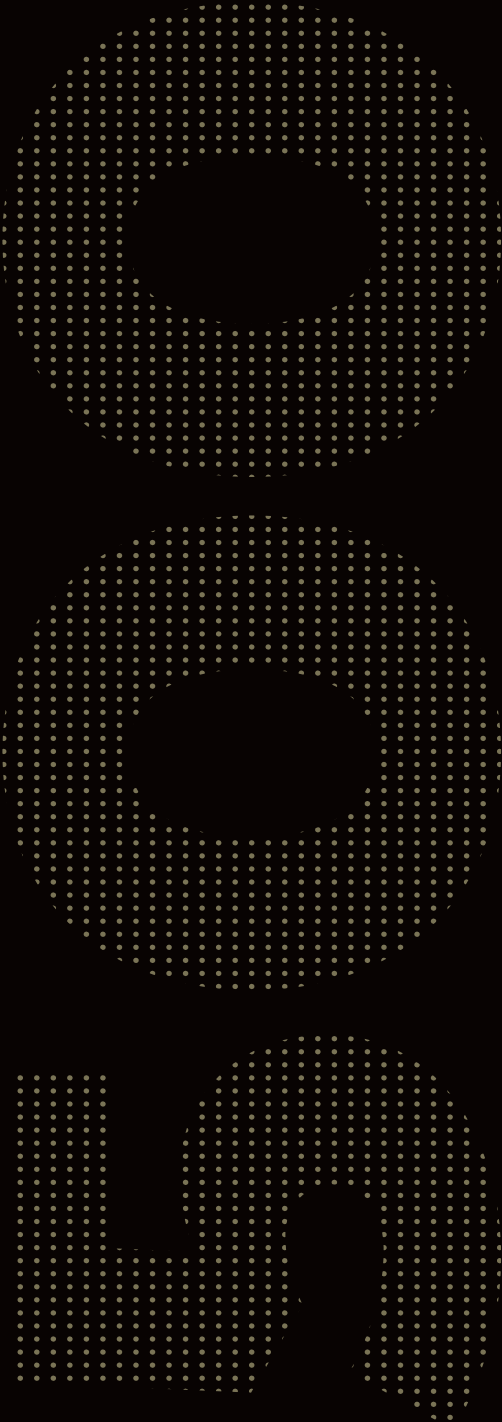

reddot design award

Premio Compasso d'oro ADI

Design, quality and beauty. Each brand has its own identity and style and designs innovative projects thanks to research, experimentation, cultural and artistic influences, result of their history and of the innate and forward-thinking spirit that has distinguished them across the years. The key figures of Philip Rosenthal and Roberto Sambonet, along with the highly skilled artisans who first led the way, set the scene to embrace the world of design as we interpret it today.

Independent designers work alongside the Group's in-house creative departments to carry on this legacy, tightening the bonds between Arcturus and the world of art and design.

LICENSES & **COLLABORATIONS**

Design, architecture, art and fashion. Many visionaries from across the years have worked closely with the in-house design centres of the Group's brands to craft unique collections and pieces.

Over the years, the Group has worked with more than **400 international artists**, designers and creators, allowing the brands to mirror the artistic trends in each particular era. It is also witness to the importance of the ongoing engagement between art and industrial production from 1930 till now. Each designer project reflects their common drive for superior formal and functional quality.

The first co-branding in history between a fashion and a tabletop brand, created when the **Versace** fashion house and Rosenthal came together, and the latest creations of Rosenthal Interieur are other examples of this philosophy. New partnership and cooperations with excellences from all sectors are now expanding the Group's horizons to embrace the world of living.
