Glasses that tell the story of the contents

Today, old spirits are back in the spotlight. Cocktails are inspired by perfumery, revealing mixtures of fruits, flowers, plants, spices, unique tastes and bewitching perfumes often concocted by the Bartender himself.

To be able to retranscribe this authenticity, these ancient tastes, the Arcoroc and Chef&Sommelier brands have developed collections inspired by those found in our grandmothers' homes: crystal look, cut effects, structured legs.
