CORPORATE HISTORY

From a mechanical workshop in Milan to an International Group leader.

The origins of the Group lie in *Officine Meccaniche G. Coppo*, a mechanical workshop opened by *Giovanni Coppo* in Milan in **1978**.

In **1979**, the future Arcturus Group starts its successful business history with the acquisition of *Paderno*, world leader in the manufacture of professional stainless steel and aluminium cookware and kitchenware. Almost twenty years later, in **1997**, the Group acquires *Sambonet*, historical Piedmontese company producing flatware and holloware.

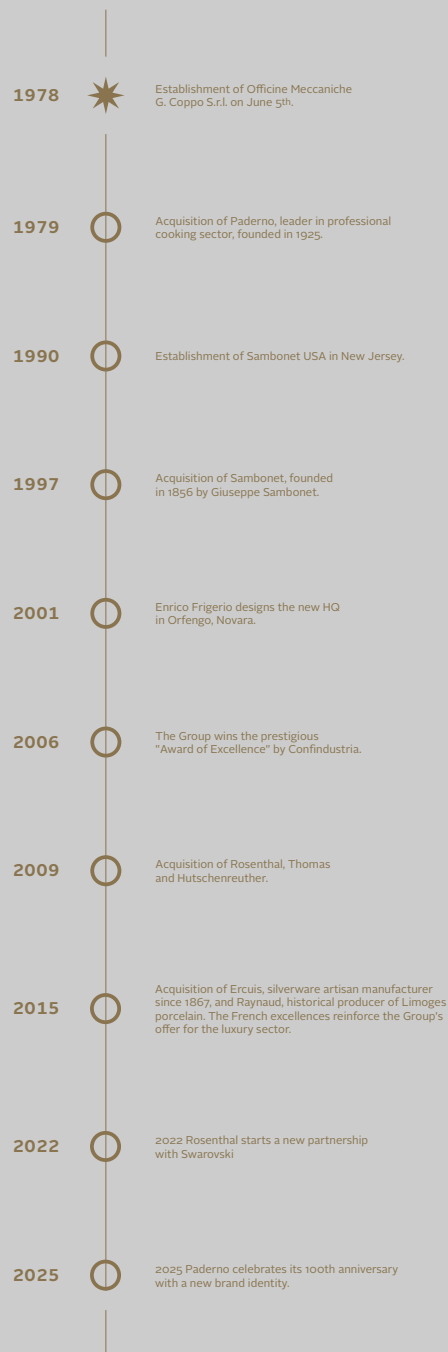

In **2000** acquisition of *Beard*, historic Swiss top brand specialised in tabletop items for the hotellerie sector.

Over the years it has grown significantly, expanding internationally thanks to the Sambonet's extensive expertise in the hotel industry and the acquisition of the prestigious German porcelain company *Rosenthal GmbH* in **2009**, assuring the Group's place in retail, hotel & restaurant and contract tabletop sectors.

The industrial venture undertaken by Pierluigi Coppo and his brother Franco has been further consolidated with the acquisition of the historical French excellences of *Raynaud* Limoges porcelain and *Ercuis* silver flatware in **2015**. Arcturus business strategy based on growth and acquisitions has created a leader in terms of quality, diversification and complementary output for tabletop and kitchenware, with the different brand identities delivering mid-high to extremely high-end luxury.

2022 Rosenthal starts a new partnership with Swarovski.

2025 Paderno celebrates its 100th anniversary with a new brand identity.

CRAFTSMANSHIP & INNOVATION

The dynamic balance of tradition, craftsmanship and innovation is behind the Group's work.

The idea of a modern table setting and contemporary kitchen equipment comes from the Group's appreciation for its roots and excellence, to maintain but also to reinterpret in light of the latest trends and customer demands. **Rosenthal's** experimentation in crafting new shapes and decorations, **Sambonet's** work in developing new finishing techniques and the manufacturing craftsmanship of **Ercuis** stand side by side in a single, broad concept of excellence.

THANKS TO ITS UNIQUENESS, PERFECTION AND
DESIGN. CREATIVITY AND INNOVATION THAT

The story of Rosenthal is the story of a father and son – founder Philipp Rosenthal Senior and the visionary entrepreneur Philip Rosenthal Junior. The former laid the foundation for modern porcelain production, while the latter built Rosenthal into a renowned international brand. His credo: a passion for everyday luxury and a heartfelt commitment to design.

For well over a century, established designers, artists, and trendy newcomers have crafted elegant, high-quality tableware collections and exclusive pieces that enhance living spaces. Rosenthal's clientele includes not only households worldwide but also 800 international restaurants and hotels.

The Rosenthal portfolio features the Rosenthal, Hutschenreuther, and Thomas brands, along with collaborations such as Rosenthal meets Versace and Swarovski x Rosenthal. Since July 2009, Rosenthal has been part of the Italian Arcturus Group.

ERCUIS

THE ART OF STANDING APART

True luxury is defined by the intensity of the emotions it brings and the experiences it provides. Beyond trends, Ercuis' collections defy fashion and time thanks to their exceptional finishes and precious refinement. They are the ornaments that distinguish a great table or a beautiful interior.

Since 1867 and from its manufacture 50 km north of Paris, Ercuis applies this demanding definition to each of its silverware and holloware creations, recognizable by their silversmith's hallmark in the shape of a Centaur. Its collections are the result of the company's unique history and its ongoing creativity. In a constant quest for perfection, attention is paid to every detail through the many steps of manufacturing a cutlery or a holloware piece: nobility of materials, refinement of finishes, high demanding quality control to create the iconic pieces of today and tomorrow.

Member of Comité Colbert, which brings together the greatest names in luxury and design, Ercuis promotes French know-how on the greatest tables throughout the world. During its long history, this Maison of Haute-Orfèvrerie has been featured in iconic places, such as the Orient Express or the transatlantic liners Le France and Le Normandie and continues to reinvent itself by combining classicism and modernity.

RAYNAUD

PRECIOUS PORCELAIN FOR TREASURED MOMENTS

Since 1919, Raynaud manufactures unique, refined, and confidential porcelain through many inspirations and boundless creativity. A poetic vision guides all the stages of the creation of the collections, which surprise by their sophistication, their narrative richness and expressiveness of each of their pieces.

Decorating the extra-white Limoges porcelain is an art that requires exceptional expertise, for which the Maison Raynaud is particularly renowned, even among Limoges porcelain manufacturers. Its reputation for excellence has been forged thanks to the richness and poetry of its decorations, but also to the incomparable expertise of its painters and decorators and fruitful collaborations with designers or partners over the years, such as Alberto Pinto, Aurore de la Morinerie or Lincrusta and Fromental companies.

Its customers, among the finest tables and most renowned hotels and chefs in the world, value not only the extreme refinement of its creations but also the exclusivity of the Maison.

Raynaud claims the origin of its products 100% made in Limoges and preserves its local know-how.

They are proud to be one of the first porcelain makers to have obtained in 2018 their certification IGP (Protected Geographical Indication) "Porcelaine de Limoges".

ROSENTHAL *meets* VERSACE

VERSACE AND ROSENTHAL HAVE UNITED GLAMOUR AND CRAFTSMANSHIP IN EXQUISITE PORCELAIN COLLECTIONS, ADORNED WITH THE BRAND'S MOST ICONIC MOTIFS AND PRINTS.

The collaboration between Rosenthal and the renowned Milanese fashion house Versace began in 1992, under the creative direction of Gianni Versace. From the outset, Versace's universe extended far beyond fashion, embracing design in its broadest form and expressing a distinctive vision of lifestyle.

With the aim of translating this unique aesthetic into the world of interiors, the partnership with Rosenthal was established. Renowned for excellence, innovation, and craftsmanship, Rosenthal became the perfect partner to bring the opulent Versace lifestyle into the home.

Drawing on some of Versace's most iconic prints and motifs, the collections merge classic and modern elements, offering a bold celebration of the maison's signature style.

SWAROVSKI x ROSENTHAL

SWAROVSKI AND ROSENTHAL HAVE COMBINED CRYSTAL ARTISTRY WITH FINE PORCELAIN, CREATING EXCLUSIVE DESIGNS.

Rosenthal's philosophy has always centred on the fusion of luxury, lifestyle, and sophisticated tabletop design. In 2022, the brand expanded this legacy by partnering with Swarovski, stepping into the world of crystal. United by a shared dedication to craftsmanship, innovation, and exceptional quality, the two houses are setting new standards in contemporary luxury design.

The inaugural collection, Swarovski x Rosenthal SIGNUM, captivates with vibrant colours and Op Art-inspired décors. Delicate golden lines trace intricate patterns across the porcelain, echoing Swarovski's signature octagonal motif. Lids are crowned with a finely cut, rimmed crystal engraved with the iconic swan – a refined expression of elegance and precision.

Drawing inspiration from fantasy and the natural world, the Swarovski x Rosenthal IDYLLIA collection marks the second chapter of the collaboration. Celebrating the richness of flora and fauna through a kaleidoscope of vivid colours, it presents a bold yet poetic tribute to nature's imagination – exquisitely captured in porcelain.

THOMAS

THOMAS STANDS FOR DESIGN-ORIENTED, VERSATILE TABLEWARE THAT BRINGS FUN TO COOKING AND DINING.

The highly popular collections are created with functionality, simplicity and versatility in mind – characteristics that have earned them multiple design awards. With a variety of product lines, Thomas offers a broad range that caters to different tastes and needs.

Classics like the „Trend“ series – appreciated for its timeless modernity for decades – highlight the stylish character of the brand and its high quality.

To meet the expectations of style-conscious consumers, Thomas continuously integrates new trends and materials, combining functionality with contemporary lifestyle.

The Thomas brand was launched in the 1950s and has been part of Rosenthal's portfolio ever since.

HUTSCHENREUTHER

FROM 1814 TO TODAY: HUTSCHENREUTHER
REIMAGINES GERMAN DECORATIVE TRADITION
WITH TIMELESS ELEGANCE.

In 1814, Carl Magnus Hutschenreuther from Thuringia founded Bavaria's first modern, privately-owned porcelain factory, aiming to produce porcelain of the highest quality. In 1857, his son Lorenz established a second factory in nearby Selb, Bavaria. Over a century later, in 1969, the two companies merged to form Hutschenreuther AG, Selb.

By then, the Hutschenreuther name with the lion icon was already well known, particularly among connoisseurs and lovers of fine porcelain.

Hutschenreuther accompanies the seasons with lovingly decorated porcelain collections that bring charm and warmth to every time of year.

From spring through to winter, versatile tableware concepts offer inspiration for seasonal styling. Thoughtfully designed gift ideas and popular collector's items spark creativity and imagination.

Hutschenreuther has been part of the Rosenthal portfolio since 2000.
