GREEN & **SUSTAINABILITY**

SUSTAINABILITY, TRANSPARENCY AND AWARENESS ARE KEYWORDS OF OUR CORPORATE RESPONSIBILITY.

SOSTENIBILITÀ, TRASPARENZA E CONSAPEVOLEZZA SONO LE PAROLE CHIAVE DELLA NOSTRA POLITICA DI CORPORATE RESPONSIBILITY.

CLEAN ENERGY
ENERGIA PULITA

Our production site relies on a state-of-the-art, zero-impact solar photovoltaic system, installed on the roof of our factory. More than 3,000 panels on 6,000 sqm. The plant can generate an average of 1,250 KW, equal to 30% of the company's annual needs. The plant cuts CO2 emissions into the environment consistently, the equivalent of 7,500 planted trees in 5 years. A small but significant contribution to our planet.

La nostra sede produttiva conta su un impianto fotovoltaico a energia solare a impatto zero, di ultima generazione, installato sulla copertura dello stabilimento. Oltre 3.000 pannelli su una superficie di 6.000 m2. L'impianto è in grado di generare mediamente 1.250 KW, ossia il 30% del fabbisogno energetico annuo dell'azienda. Lo stabilimento diminuisce così le emissioni di CO2 nell'ambiente in maniera considerevole: il corrispettivo di 7.500 alberi piantati nell'arco di soli 5 anni. Un piccolo ma significativo contributo per il nostro pianeta.

OVER 10 YEARS OF SUSTAINABILITY REPORT
OLTRE 10 ANNI DI BILANCIO DI SOSTENIBILITÀ

Since 2012 we have published the Sustainability Report every year, a report on our performance through numbers and achieved targets, a concrete proof of our commitment and attention to sustainable development.

Dal 2012 pubblichiamo ogni anno il Bilancio di sostenibilità, un report delle nostre performance attraverso numeri e obiettivi raggiunti, testimonianza concreta del nostro impegno e attenzione verso uno sviluppo sostenibile.

RESPONSIBLE CONSUMPTION
CONSUMO RESPONSABILE

We care about our planet and that is why we set our environmental policy on a responsible consumption and the use of clean and renewable energy sources. A sustainable and respectful approach to nature and our territory.

Abbiamo a cuore il nostro pianeta e per questo abbiamo impostato la nostra politica ambientale sul consumo responsabile e sull'utilizzo di fonti energetiche pulite e rinnovabili. Un approccio sostenibile e rispettoso per la natura e il nostro territorio.

OUR EFFORTS, EVERY DAY
IL NOSTRO IMPEGNO, TUTTI I GIORNI

Beside monitoring water consumption and purification systems, we use energy-efficient LED lighting elements, twilight lamps throughout the plant and controlled thermostats in every office. We have reduced paper consumption by choosing digital archiving, using recyclable materials and separate waste collection in every room. This is non-stop progress.

Oltre al monitoraggio del consumo d'acqua e sistemi di purificazione, impieghiamo elementi di illuminazione LED ad alta efficienza energetica, crepuscolari in tutto lo stabilimento e termostati controllati in ogni ufficio. Abbiamo ridotto il consumo di carta scegliendo l'archiviazione digitale, impiegando materiali riciclabili e operando la raccolta differenziata in ogni ambiente. Un miglioramento non-stop.

ITALIAN
HEADQUARTERS

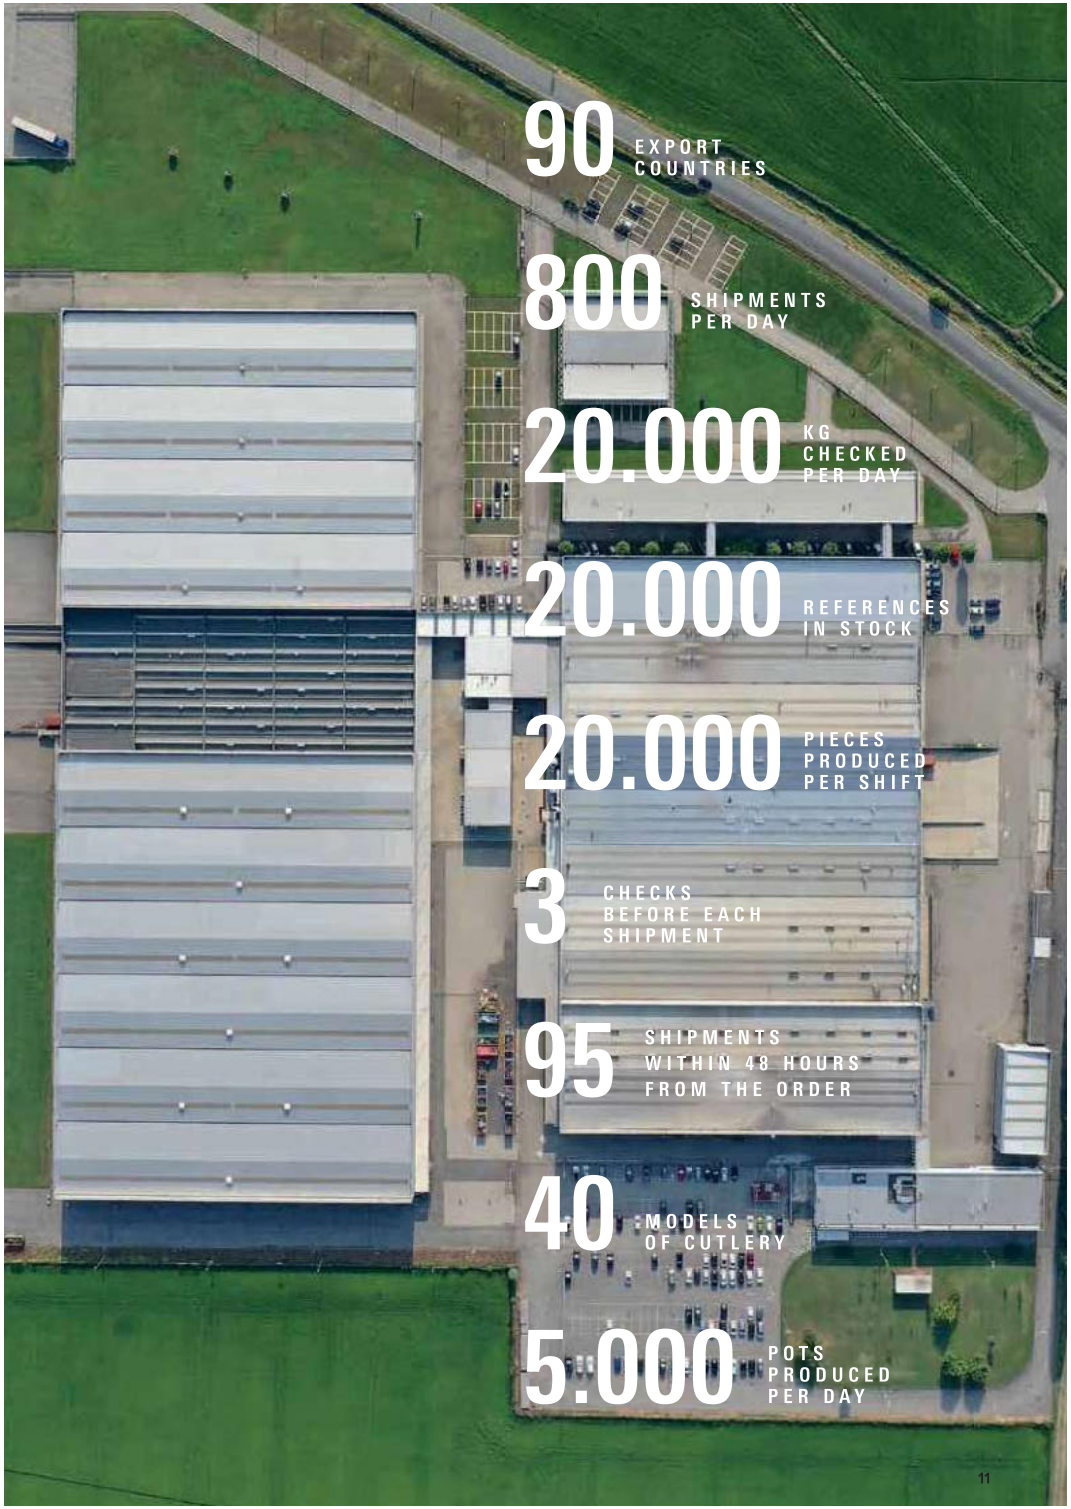

In 2001, in 9 months, the new headquarter between Vercelli and Novara was built, amounting to 150,000 square meters - equivalent to more than 20 football fields - of which 19,000 square meters for production. In 2004, the new warehouse was expanded to 13,000 square meters, later still to 25,000 square meters. The building - which includes one of the largest galvanic plants in Europe - meets all production and warehous requirements, as well as logistics needs. It is positioned exactly opposite the highway entrance for fast connections to the center of northern Italy.
Developed by the Frigerio Design Group, Slow Architecture is a progressive architecture, living in time and in its context. The parallelism created by the building establishes a geometric correspondence between the Po Valley and the linearity of the façade elevation, which is sensitive to the nuances of the sky and the land through an unprecedented play of colours, with a "screen" of gigantic colored pixels.

Nel 2001, in 9 mesi, viene costruito il nuovo headquarter tra Vercelli e Novara, pari a 150.000 m² - equivalenti a oltre 20 campi da calcio - di cui 19.000 m² di produzione. Nel 2004 viene ampliato il nuovo magazzino a 13.000 m², successivamente ancora a 25.000 m². Lo stabilimento - che include uno degli impianti galvanici più grandi d'Europa - risponde a tutte le esigenze di produzione e stoccaggio, oltre che di logistica, posizionato esattamente di fronte all'ingresso autostrale per rapidi collegamenti con il cuore nevralgico del Nord Italia.
Sviluppata dal Frigerio Design Group, la Slow Architecture è un'architettura progressiva, che vive nel tempo e nel contesto in cui s'inserisce. Il parallelismo creato dal nuovo edificio instaura una corrispondenza geometrica tra la Pianura Padana e la linearità del prospetto della facciata, sensibile alle sfumature del cielo e del territorio attraverso un inedito gioco cromatico, con uno "schermo" di enormi pixel colorati.

Consistently with the functional approach, which has always marked the brand, Paderno offers a complete product line and professional tools, easily recognizable in the kitchen, which can reduce possible mistakes during their use to protect people affected by celiac disease. Developed and realized in 2013 in collaboration with Associazione Italiana Celiachia Lombardia ONLUS (Italian Society for the Celiac Disease – Lombardy Section), this project makes Sambonet Paderno Industrie S.p.A. the first company in its market that offers to the HoReCa channel a complete line of items intended for gluten-free cooking.

Some distinguished special features, such as golden PVD handles for pans and pots and a special customised logo for utensils, will allow professionals to easily identify all these items in the kitchen.
This product line aims at:
- **Reducing the risk of accidental food cross-contamination;**
- **Making it easier for professionals to work and provide services to clients with food intollerances;**
- **Raising awareness on the gluten-free diet issue in the industry so as to respond to the new needs of consumers.**

Coerentemente all'ottica di servizio che contraddistingue da sempre il marchio, Paderno propone una linea completa di articoli e strumenti professionali facilmente identificabili in cucina, in grado di abbattere eventuali errori durante il loro utilizzo a salvaguardia del cliente celiaco e di tutti gli intolleranti. Sviluppato e concretizzato nel 2013 in collaborazione con l'Associazione Italiana Celiachia Lombardia ONLUS, questo progetto colloca Sambonet Paderno Industrie come prima azienda del settore a offrire al canale Ho.Re.Ca una linea completa di articoli da destinare alla preparazione di pietanze senza glutine.

Attraverso alcuni elementi distintivi e differenzianti, come manici in PVD oro per pentole e padelle e personalizzazione con un logo specifico per utensili, tutti gli strumenti saranno facilmente identificabili in cucina.
Questa gamma contribuisce a:
- Diminuire il rischio di accidentali contaminazioni crociate degli alimenti;
- Facilitare il professionista nell'operare e nell'offrire un servizio a favore del cliente con intolleranze alimentari;
- Sensibilizzare il settore sul tema "gluten free" di fronte alle nuove esigenze dei consumatori.

FRYING PANS
MISCELLANEOUS

Iron is ideal for cooking at high temperatures because its low capacity of heat transmission prevents temperature leaps.
As it is non-stick, food does not stick to it. It withstands very high temperatures and improves its performance with use. Iron pans are perfect for fried food, omelettes or fine crêpes. Wash the black iron pan in water as little as possible and always keep it greased. Iron pans are ideal also for cooking on induction hobs.

Il ferro è ottimo per le cotture a fuoco molto vivo perché, non avendo un'alta capacità di trasmettere calore, evita improvvisi sbalzi di temperatura. Essendo un materiale antiaderente, evita l'attaccamento dei cibi. Sopporta temperature elevatissime e col tempo migliora il suo rendimento. I recipienti in ferro sono i più adatti per fritture, omelette o sottili crêpes. La padella in ferro nera va lavata con acqua il meno possibile e mantenuta sempre unta. Il ferro è il materiale ideale anche per cotture a induzione.

An innovative surface characterized by very hard reliefs that protect the coating with 3 times higher scratch resistance. The rough shape increases the heat exchange surface and thermal conductivity, allowing uniform cooking and energy saving. Perfect non-stick: excellent release of food during cooking and easy to clean even in the dishwasher.
Un'innovativa superficie caratterizzata da rilievi durissimi che proteggono il rivestimento con resistenza ai graffi 3 volte superiore. La conformazione rugosa aumenta la superficie di scambio e la conducibilità termica, permettendo cotture uniformi e risparmio di energia. Perfetta antiaderenza: ottimo rilascio del cibo in cottura e facile da pulire anche in lavastoviglie.

ENAMELLED CAST IRON
GHISA SMALTATA

COOKWARE
PENTOLAME

INDUCTION READY!

Suitable for use on all cooking surfaces (gas, electric, ceramic, induction) and in ovens (gas, oil, coal, or wood), excluding microwaves. A perfect combination of cast iron, enamel, non-stick coating, and high quality. Thanks to its design, it absorbs and distributes heat evenly, making it ideal for all cooking techniques. In casserole preparations, the steam generated by the unique lid design condenses and falls back into the food, preserving flavors and aromas while retaining nutrients. Cast iron is a 100% recyclable material, making it environmentally friendly. Its remarkable ability to retain heat allows for significant energy savings, enabling low-temperature cooking and keeping food warm even at the table. Additionally, cast iron also retains cold, making it perfect for keeping food fresh. Easy to clean and dishwasher-safe, thanks to the advanced technology used in the enamel coating process, it features ergonomic handles and knobs made of cast iron and stainless steel, ensuring maximum practicality and durability.

Idonea per l'uso su tutte le fonti di cottura (gas, elettriche, vetroceramica, induzione) e in forno (gas, petrolio, carbone o legna) ad esclusione dei microonde. Una perfetta combinazione di ghisa, smalto, antiaderenza e alta qualità. Grazie alla sua struttura, assorbe e diffonde il calore in modo uniforme, rendendola ideale per ogni tecnica di cottura. Nelle preparazioni in casseruola, il vapore generato dal particolare design del coperchio si condensa, ricadendo nel cibo, trattenendo sapori e aromi conservando le sostanze nutritive. La ghisa è un materiale riciclabile al 100% e quindi ecologico. La sua straordinaria capacità di mantenere il calore consente un notevole risparmio energetico, permettendo di cuocere a bassa temperatura e mantenendo i cibi caldi anche a tavola. Inoltre, la ghisa conserva il freddo, risultando perfetta anche per mantenere i cibi freschi. Facile da pulire e lavabile in lavastoviglie grazie alla tecnologia avanzata applicata al processo di smaltatura, è dotata di manici e pomoli ergonomici in ghisa e inox, che ne garantiscono la massima praticità e resistenza.

GN FOOD PANS
CONTENITORI GN

Thanks to the permanent in molded label, complete traceability of all products is ensured, along with the monitoring of packaging dates and the management of essential information for the implementation of the APPCC/HACCP system. There's no need to apply and remove paper labels anymore, making the process simpler and more efficient. This solution offers high practicality, hygiene, and comfort: the label leaves no residue and retains its clarity and integrity even after multiple dishwasher washes. For writing on the label, an appropriate marker can be used, which is easily removed with dishwasher washing. The containers are heat-resistant, withstanding temperatures from -40°C to +100°C. WARNING: Polypropylene containers are not suitable for use on steam tables.

Grazie all'etichetta integrata, è possibile garantire la tracciabilità completa di tutti i prodotti, il monitoraggio delle date di imballaggio e la gestione delle informazioni essenziali per l'applicazione del sistema APPCC/HACCP. Non sarà più necessario applicare e rimuovere etichette di carta, rendendo il processo più semplice ed efficiente. Questa soluzione offre un elevato livello di praticità, igiene e comfort: l'etichetta non lascia residui e mantiene la sua chiarezza e integrità anche dopo numerosi cicli di lavaggio in lavastoviglie. Per la scrittura sull'etichetta, è possibile utilizzare un apposito pennarello, facilmente rimovibile con il lavaggio in lavastoviglie. I contenitori sono termoresistenti, supportando temperature da -40°C a +100°C. AVVERTENZE: I contenitori in polipropilene non sono adatti per l'uso su tavole a vapore.

STAMPED KNIVES
COLTELLI TRANCIATI

Food allergies are steadily increasing and represent a growing public health concern. In this context, it is essential to ensure maximum safety in food handling by adopting processes that minimize the risk of contamination. Paderno has introduced a dedicated line of knives to support the implementation of specific protocols for allergen management. The clearly visible purple color serves as an immediate visual cue for staff, indicating that these tools must be used exclusively for foods requiring special attention.

Le allergie alimentari sono in costante aumento e rappresentano una crescente preoccupazione per la salute pubblica. In questo contesto, è fondamentale garantire ai clienti la massima sicurezza nella gestione degli alimenti, adottando processi che riducano al minimo il rischio di contaminazione. Paderno ha aggiunto una linea dedicata di coltelli per facilitare l'applicazione di protocolli specifici nella gestione degli allergeni. Il colore viola ben visibile funge da segnale immediato per il personale, indicando che quegli strumenti devono essere utilizzati esclusivamente per alimenti soggetti a particolari attenzioni.

Ideal for baking all leavened pastries, but also shortcrust pastry and meringues, it guarantees perfect baking in less time than traditional baking paper. Thanks to the micro-perforation, steam escapes faster during baking. This ensures a better passage of air, which also cools the products faster than with conventional baking paper. – Ideale per la cottura di tutte le paste lievitate, ma anche di bignè, pasta frolla, biscotti, pasta sfoglia e meringhe. Garantisce una cottura perfetta in minor tempo rispetto alla carta forno tradizionale. Durante la cottura, la microforatura permette al vapore acqueo di fuoriuscire più velocemente garantendo così un miglior passaggio dell'aria. Anche il raffreddamento dei prodotti è più rapido.

MICROPERFORATED CAKE RINGS
FASCE MICROFOFORATE

The micro-holes allow to support the edges of the cake avoiding to collapse during cooking. They also allow to expel the moisture from the dough, obtaining a perfect and always crispy cooking.

I microfori permettono di sostenere i bordi della torta evitandone il collasso in cottura. Consentono inoltre di espellere l'umidità, ottenendo una cottura sempre perfetta e croccante.

NON STICK CAKE MOLDS
TORTIERE ANTIADERENTI

PASTRY
PASTICCERIA

Wash the mold before the first use. Slightly grease inside surface with oil, butter or margarine before baking. Allow cake to cool down a little before removing from the mold. For the cleaning, hand-wash with dish soap and dry the mold immediately after washing. Use only in traditional ovens (no microwave). Do not use sharp objects or others metal tools which could damage the pan surface. Do not use on a flame or other direct heat source, including stove tops. Do not exceed 230°C. Non-stick coating PFOA free.

Lavare lo stampo prima di utilizzarlo la prima volta. Ungere leggermente l'interno con olio, burro o margarina prima di infornare. Prima di sformare, lasciare raffreddare per qualche minuto. Lavare a mano con detersivi liquidi ed asciugare lo stampo immediatamente dopo. Utilizzare esclusivamente in forni tradizionali (no microonde). Non utilizzare oggetti appuntiti, polveri abrasive o pagliette metalliche che possano rigare la superficie degli stampi. Evitare il contatto con fonti di calore dirette o fiamma libera. Non superare la temperatura massima di 230°C. Rivestimento antiaderente privo di PFOA.

SERIES LEVANTE

SS

Levantine cuisine served appropriately. Lots of vegetables, little meat and a variety of spices characterize the cuisine of the Middle East. The eastern Mediterranean region, i. e. Syria, Lebanon, Jordan, Israel and Palestine are referred to as the Levant. The food tradition of these countries are celebrated as a food trend.

Cucina levantina servita in modo appropriato. Tanta verdura, poca carne e una varietà di spezie caratterizzano la cucina del Medio Oriente. Le regioni del Mediterraneo orientale, come Siria, Libano, Giordania, Israele e Palestina sono indicati come Levante. Le tradizioni alimentari di questi paesi vengono celebrate come tendenza.

TIKI MUG COLLECTION

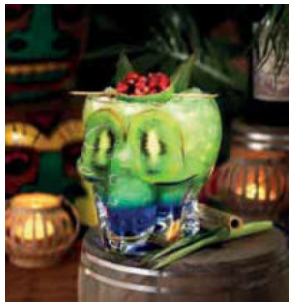

Tiki mugs are large, resistant and durable ceramic glasses used for the preparation of exotic cocktails, which originated in typical Tiki culture venues and various tropical-themed restaurants. The term Tiki mug generically indicates a large variety of glasses depicting faces or human figures that recall Polynesian countries or other exotic places, inspired by Maori and Polynesian deities. Perfect for all uses - home, bar and restaurant, ideal for serving drinks and cocktails such as Mojito, Mai Tai, Sex on the Beach, Daiquiri and many others depending on the bartender's imagination. An object full of charm and personality, to savor the magic of these distant tropical earthly paradises.

Le Tiki mug sono grandi bicchieri di ceramica resistente e durevole, utilizzati per la preparazione di cocktail esotici, che hanno avuto origine nei tipici locali di cultura Tiki e in vari ristoranti a tema tropicale. Il termine Tiki mug indica in modo generico una grande varietà di bicchieri che ritraggono volti o figure umane che richiamano i paesi polinesiani o altri luoghi esotici, ispirati alle divinità Maori e polineasiane. Perfette per tutti gli usi – casa, bar e ristorante, ideali per servire bibite e cocktail come Mojito, Mai Tai, Sex on the Beach, Daiquiri e tanti altri a seconda della fantasia del bartender. Un oggetto ricco di fascino e personalità, per assaporare la magia di questi lontani paradisi terrestri tropicali.

BLACK & BROWN
NERO & MARRONE

The rough surface structure creates a natural appearance. The black bowls and trays with brown border stage your dishes in a very stylish way.

La struttura superficiale ruvida crea un aspetto naturale. Le ciotole e i vassoi neri con bordo marrone mettono in scena le pietanze in modo molto elegante.

DISCARDED WOOD
Knots and differences in grain colour are inherent in the tree's growth and represent the very nature of the wood.

LEGNO SCARTATO
Nodi e differenze di grana di colore sono intrinseche nella crescita dell'albero e rappresentano la vera natura del legno.

NEW LEASE OF LIFE
The sandblasting process gives the mills a strong look with their original irregular finish.

NUOVA VITA
Il processo di sabbiatura con la finitura irregolare e originale conferisce alle macine un carattere forte.

VARNISHING

Protection with a solvent-free varnish for everyday use while locking in the wood's natural character.

Una vernice senza solventi rende le macine idonee all'uso quotidiano, pur mantenendo il carattere naturale del legno.

This collection is created from wooden pieces that are discarded at different stages of our manufacturing process (after turning, or after being painted). In order to recycle these pieces and give them a new lease of life, Peugeot carries out a mechanical sandblasting. This is what gives these mills their unusual and irregular texture, endowing them with such a striking organic look. A solvent-free varnish is then applied to protect the wood ensuring its longevity and resistance for lasting daily use. NATURE BLACK comes to life from pieces of wood recycled after painting in the famous chocolate finish. The sandblasting process creates a unique relief that is enhanced by applying a solvent-free matte black paint. The paint together with the texture create an interaction of light with opaque and glossy reflections, instilling its uniqueness in the millstone. A unique play of light, a mix of texture and color.

La collezione NATURE è creata con pezzi di legno che venivano scartati nelle diverse fasi del processo produttivo (dopo la tornitura o dopo la verniciatura). Riprendono ora vita mettendo in mostra le qualità intrinseche del legno. Il processo di sabbiatura con la finitura irregolare e originale conferisce alle macine un carattere forte e dal sorprendente aspetto organico. Ogni pezzo diventa singolare e unico. Una vernice senza solventi protegge il legno garantendone la longevità e la resistenza all'uso quotidiano. NATURE BLACK prende vita da pezzi di legno riutilizzati dopo la verniciatura nella famosa finitura cioccolato. Il processo di sabbiatura crea un rilievo unico che viene esaltato mediante l'applicazione di una vernice nera opaca priva di solventi. La vernice unitamente alla texture, creano un'interazione di luce con riflessi opachi e lucidi instillando nella macina la sua singolarità. Un gioco di luci unico, un mix di texture e colore.

MAESTRO - THE SALT MILL

Nuovo Meccanismo per il Sale. Peugeot introduce il sale in polvere, un'innovazione che esalta il gusto con un minore impatto sulla salute. Dal sale croccante al sale in polvere, il nuovo sistema è progettato per adattarsi a un'ampia varietà di sali, sia secchi che umidi, inclusi i più duri e strutturati, garantendo sempre una macinatura perfetta. Material Innovation: la zirconia (ossido di zirconio, ZrO_2) è un materiale ceramico avanzato, scelto per le sue eccezionali proprietà: durezza estrema, più resistente dell'acciaio e di molte altre ceramiche. Resistenza alla corrosione, inalterabile anche in ambienti umidi e aggressivi. Elevata resistenza all'usura, perfetta per meccanismi di macinazione ad alte prestazioni. Inerzia chimica, non altera il sapore degli alimenti né reagisce con altre sostanze. Eccellenti proprietà termiche, resistente alle alte temperature e agli shock termici. Raffinata estetica, brillantezza simile al diamante. Il cuore dell'innovazione Peugeot è il design avanzato dei denti del meccanismo, il contatto "dente su dente" ottimizza la qualità della macinatura senza degradarsi nel tempo. Con questa tecnologia d'eccellenza, Peugeot ridefinisce gli standard di performance, precisione e durata nel mondo della macinatura.

LE MOULIN D'OLIVIER ROELLINGER

A NATURAL FINISH - Protected by a varnish, this natural shade highlights the nuances of the wood, the geometry of its veins, the knots... everything that makes up the tree's history. Made in France. Carved from solid beechwood block. Steel mechanism with unlimited guarantee. A TRUE INVITATION TO A VOYAGE OF THE SENSES, - Le moulin d'Olivier Roellinger's mill is inspired by the historic Peugeot mill. Updated by designer Sylvie Amar, it combines contemporary allure with tradition. So that the flavors and fragrances of the world's peppers become as many stopovers on the road to flavor.

UNA FINITURA NATURALE - Protetta da una vernice, questa tonalità naturale mette in risalto le sfumature del legno, la geometria delle sue venature, i nodi... tutto ciò che fa la storia dell'albero. Made in Francia. Scolpita da un blocco di legno massello di faggio. Meccanismo in acciaio, garanzia illimitata. UN VERO INVITO AL VIAGGIO DEI SENSI - La macina "Le moulin d'Olivier Roellinger" si ispira alla storica macina Peugeot. Aggiornata dalla designer Sylvie Amar, unisce il fascino contemporaneo alla tradizione. Perché i sapori e i profumi delle varietà di pepe di tutto il mondo diventino altrettante tappe sulla strada del sapore.

Conservare la base refrigerante nel congelatore idealmente per 2 ore. Il livello del whisky versato non dovrebbe superare il punt la cui funzione è di dividere il liquore per evitare un'innalzamento prepotente dei vapori alcolici al naso. Senza l'uso del ghiaccio, non si crea lo sbalzo termico che inibirebbe il rilascio dei profumi e degli aromi del distillato.

art.	Cl	€
44771-03	38	47,50

La forma del bicchiere è stata studiata con cura per massimizzare le percezioni aromatiche del vino, nel minor tempo possibile. Un bicchiere dalle linee molto pure, compatto, capace di esaltare tutte le virtù di un grande vino (colore, aroma, equilibrio al palato). Realizzato in vetro soffiato a mano, ha due cavità, una sul fondo e una laterale, che svolgono un doppio ruolo: permettono di tenere il bicchiere tra due dita senza riscaldare il contenuto e favoriscono l'aerazione del vino, che inizia a scomporre le sue molecole.

CLEF DU VIN
Measuring tool
Strumento di misura

art.	€
44775-02	65,90

La Clef du Vin è uno strumento di misura che permette di conoscere istantaneamente la conservabilità e il potenziale di invecchiamento di un vino. Ogni secondo di contatto tra la tavoletta ed il vino corrisponde ad un anno di invecchiamento. Se dopo diversi contatti il vino conserva le sue qualità o migliora, potrà invecchiare. Se il vino perde le sue qualità dopo uno o due secondi di contatto, non ha potenziale di invecchiamento. Potete ripetere l'operazione, secondo dopo secondo, finché non noterete segni di declino del vino. La Clef du Vin può anche permettervi di degustare un vino troppo giovane senza dover aspettare.

PO LAKE COLLECTION

BUFFET

A versatile array of presentation options, each element is designed to be pieced together (like a puzzle) for different solutions. Bowls for salads, side dishes, fruit, sauces; plates for cakes, sandwiches, snacks, etc. Plus, a cloche for each plate offers a covered option for keeping food fresh. These functional pieces cleverly blend together for creative food plating.

Una gamma versatile, ogni elemento è progettato per essere ricomposto (come un puzzle) per diverse soluzioni. Ciotole per insalate, contorni, frutta, salse; piatti per torte, panini, snack, ecc. Inoltre, una cloche per ogni piatto offre un'opzione coperta per mantenere il cibo fresco. Questi pezzi funzionali si fondono abilmente insieme per presentare il buffet in modo creativo.

READY TO DELIVER MORE. EVERYWHERE.
AIMING HIGHER. ALWAYS.

Made from closed-cell expanded polypropylene (EPP), POLIBOX containers are designed to protect food from thermal stress. They are the ideal solution for temperature-controlled transport of perishable goods in commercial and institutional catering, banqueting, agri-food, logistics, and pharmaceutical sectors. Food-contact safe, these containers are durable, hygienic, lightweight, and cost-effective. They do not release unwanted odors or flavors into food, are easy to wash and sanitize after use, 100% recyclable, and fully compliant with HACCP standards. Additionally, they are CFC-free and environmentally friendly.

Realizzati in polipropilene espanso (PPE) a cellula chiusa, i contenitori POLIBOX sono ideali per proteggere gli alimenti da sollecitazioni termiche. Rappresentano il sistema ottimale per il trasporto a temperatura controllata di prodotti deperibili nei settori della ristorazione commerciale e collettiva, banqueting, agroalimentare, logistica e farmaceutica. Idonei al contatto alimentare, questi contenitori sono resistenti, igienici, leggeri ed economici. Non rilasciano odori o sapori indesiderati, sono facilmente lavabili e sanificabili dopo l'uso, completamente riciclabili e conformi al sistema HACCP. Inoltre, sono privi di CFC e a basso impatto ambientale.

7.2. The Customer undertakes to do the utmost to ensure that the purpose of paragraph 7.1 is not undermined by third parties downstream in the commercial chain, including any distributors.

7.3. Any violation of paragraphs 7.1 and 7.2 shall constitute a serious breach of an essential element of these General Conditions and the contract concluded under them, and the Seller shall have the right to take appropriate remedies, including, by way of example but not limited to: (i) contract termination; and/or (ii) the imposition of a penalty equal to 15% of the total value of the said contract or of the price of the goods exported, if higher; (iii) reporting the violations to the competent authorities. 9.4. Exceeding delivery times will not in any case entail the responsibility of the Seller, nor imply the payment of penalties, interest, or could be the subject of claims for damages. In such cases, there is also no provision for the suspension or cancellation of ongoing orders. In any case, delivery within the terms can only be made if the Customer has promptly fulfilled all its obligations towards the Seller.

9.5. The Seller will not be held responsible if delayed or failed execution of contractual obligations is due to Force Majeure causes, to the extent that it proves: a) such an obstacle is outside its reasonable control; b) it could not reasonably have been foreseen at the time of the contract's conclusion; c) the effects of the obstacle could not reasonably have been avoided or overcome. In the absence of contrary evidence, events of force majeure are considered, by way of example, war, uprising, trade restrictions, embargo, fire, destruction of equipment, strikes, acts of legal authority, compliance with any law or government order, epidemic, pandemic, natural disaster, or extreme natural event. Il Cliente non venderà, esporterà o riesporterà, direttamente e/o indirettamente, nella Federazione Russa e/o per uso nella Federazione Russa né in Bielorussia e/o per uso in Bielorussia alcuna merce, fornita ai sensi delle presenti Condizioni Generali o in relazione ad esse, che rientri nell'ambito di applicazione del regolamento (UE) n. 833/2014, dell'articolo 12 octies del regolamento (UE) n. 833/2014 del Consiglio e s.m.i. e/o dell'articolo 8 octies del regolamento (CE) n. 765/2006 e s.m.i., nonché di eventuali diverse e/o ulteriori disposizioni normative che dovessero essere emanate al riguardo.

7.2. Il Cliente si impegna a fare il massimo per garantire che lo scopo del paragrafo 7.1 non sia vanificato da terzi a valle della catena commerciale, compresi eventuali rivenditori.

7.3. Qualsiasi violazione dei paragrafi 7.1 e 7.2 costituirà una violazione grave di un elemento essenziale delle presenti Condizioni Generali e del contratto concluso ai sensi delle stesse, e il Venditore avrà il diritto di adottare i rimedi appropriati, tra cui, a titolo esemplificativo e non esaustivo: (i) la risoluzione del contratto; e/o (ii) l'applicazione di una penale pari al 15% del valore totale del suddetto contratto o del prezzo delle merci esportate, se superiore; (iii) segnalazione delle violazioni alle autorità competenti. In ogni caso è fatto salvo il maggior danno subito dal Venditore (incluso, a titolo esemplificativo e non esaustivo, quello derivante da eventuali sanzioni comminate al Venditore a causa della violazione sopra citata).

7.4. Il Cliente deve informare immediatamente per iscritto il Venditore di eventuali problemi all'applicazione dei paragrafi 7.1 e 7.2, comprese eventuali attività pertinenti da parte di terzi che potrebbero vanificare lo scopo del paragrafo 7.1. Il Cliente dovrà mettere a disposizione del Venditore le informazioni relative al rispetto degli obblighi di cui ai paragrafi 7.1 e 7.2 entro due (2) settimane dalla mera richiesta scritta di tali informazioni.

8. RISERVA DI PROPRIETÀ

8.1. Tutti i prodotti venduti sono soggetti a riserva di proprietà: la merce fornita rimane di proprietà del Venditore fino all'integrale pagamento della fattura da parte del Cliente.

8.2. Il trasferimento di proprietà è subordinato al completo pagamento del relativo prezzo da parte del Cliente alla scadenza pattuita, fatto salvo il trasferimento dei rischi alla data di consegna.

8.3. A partire dalla consegna dei prodotti i rischi sono a carico del Cliente, fatta salva la riserva di proprietà. Il Cliente si impegna ad assicurare i prodotti contro tutti i rischi che possono subire o cagionare a partire dalla loro consegna.

9. CONSEGNA DEI PRODOTTI E FORZA MAGGIORE

9.1. Salvo quanto diversamente convenuto, l'incoterms è FCA Orfengo. Il trasporto è effettuato a spese e rischio del Cliente. Tutte le spese e tutti gli oneri di qualsivoglia natura relativi al trasporto sono a carico del Cliente.

9.2. In caso di vendita effettuata con rese EXW e FCA, il Cliente si impegna a fornire al Venditore, entro il termine di 90 giorni dalla data della fattura di vendita (Dlgs 87/2024 – Dlgs 471/97) tutte le necessarie prove di avvenuta uscita della merce dal territorio doganale italiano e avvenuta consegna nello stato estero di destinazione. In caso di mancato rispetto dei termini sopra descritti il venditore provvederà ad addebitare, nei 30 giorni successivi ai 90, l'IVA all'aliquota italiana in vigore.

9.3. Le scadenze di consegna sono indicate il più esattamente possibile, ma dipendono dalle condizioni di approvvigionamento e trasporto del Venditore. Il Venditore si impegna a porre la massima diligenza ai fini del rispetto delle consegne.

9.4. Il superamento dei tempi di consegna non comporterà in alcun caso la responsabilità del Venditore, né implicherà il versamento di penalità, interessi o potrà essere oggetto di richieste per risarcimento danni. In tali casi non è, inoltre, prevista la sospensione o l'annullamento degli ordini in corso. In ogni caso, la consegna entro i termini potrà essere effettuata soltanto se il Cliente avrà puntualmente ottemperato a tutti i suoi obblighi nei confronti del Venditore.

9.5. Il Venditore non sarà ritenuto responsabile qualora la ritardata o mancata esecuzione delle obbligazioni contrattuali dipenda da cause di Forza Maggiore, nella misura in cui dimostra: a) che tale impedimento è al di fuori del suo ragionevole controllo; b) che non poteva ragionevolmente essere previsto al momento della conclusione del contratto; c) che gli effetti dell'impedimento non avrebbero potuto ragionevolmente essere evitati o superati. In assenza di prove contrarie, si considerano eventi di forza maggiore, a titolo esemplificativo, guerra, rivolta, restrizioni commerciali, embargo, incendio, distruzione di attrezzature, scioperi, atto di autorità legale, rispetto di qualsiasi legge o ordine governativo, epidemia, pandemia, calamità naturale o evento naturale estremo.
In tali casi, il Venditore potrà sospendere l'adempimento dei suoi obblighi contrattuali, dandone avviso per iscritto all'altra parte ed il termine per l'esecuzione della fornitura potrà essere prorogato per un periodo uguale alla durata dell'evento. Salvo diverso accordo scritto, decorso inutilmente il periodo di sospensione, il contratto si intenderà risolto senza ulteriore avviso.

9.6. Il Venditore potrà, altresì, risolvere il contratto qualora l'esecuzione della prestazione sia resa oggettivamente troppo onerosa da una circostanza imprevedibile indipendente dalla sua volontà.

9.7. Qualsiasi modifica di ordine darà luogo a una conseguente modifica delle scadenze.

9.8. Gli ordini possono essere consegnati in più imballi e/o più consegne. Viene peraltro convenuto tra le parti che se il Cliente non prende possesso dei prodotti ordinati alle condizioni accettate qui sopra, il Venditore fatturerà al Cliente:
- spese di custodia equivalenti al 5% dell'importo dell'ordine, tasse escluse, per mese di ritardo, essendo ogni mese già iniziato dovuto;

Sofern nichts anderes schriftlich vereinbart wurde, gilt der Vertrag nach Ablauf der Aussetzungsfrist als ohne weitere Mitteilung beendet.

9.6. Der Verkäufer kann den Vertrag auch dann auflösen, wenn die Leistungserbringung aufgrund unvorhersehbarer, von ihm unabhängiger Umstände objektiv gesehen zu aufwändig wäre.
